SERVICE DESCRIPTIONS AND RATES

1. Vnet Service

Vnet Service is an outbound, customized virtual network telecommunications service. It provides a unified service for multi-location companies, providing both communications and management features. Vnet is suitable for long distance calls between company locations, as well as all long distance calls to the entire U.S. and to MCI-served international locations.

Subscribers to Vnet take a Basic Feature Package under MCI's F.C.C. Tariff No. 1, which includes the availability of Dedicated and Shared Access and Termination; Usage Rates with associated Volume Discounts; international calling to MCI-service countries; Long Distance Directory Assistance; Universal Range Privilege; plus customer-defined private dialing plans, and a consolidated invoice for all Vnet calls to all locations. Additional optional features, which include Customer Information Management Access, Direct Termination Overflow, ID/Codes, Call Detail Tapes, Customized Range Privileges and Network Information Management System Access are also available to Vnet subscribers.

Vnet Service is provided as an intra-island offering. The associated access lines, network usage, and features, other than specific intra-island usage are covered by MCI's F.C.C. Tariff No. 1. Specific intra-island usage is covered by this tariff and is being offered for Puerto Rico Vnet customers who have a requirement to make intra-island calls.
